

Electrical solutions

Electrical solutions, simplified.

Ampacity simplifies electrical procurement for all types of projects, from solar to data centers. We provide top-tier electrical brands to projects of every scale.

Ampacity offers many logistics options, including same-day shipping, and can also provide emergency inventory when necessary.

Along with our heavy stock of equipment and distribution centers strategically located throughout the country, Ampacity takes pride in its rapid response, technical guidance, and customer support—from preconstruction to project completion.

We take the guesswork out of electrical procurement and ensure customers have every component they need to get the job done.

OUR PRODUCTS INCLUDE:

- Wire and cable (AL/CU)
- Wire and cable management
- Grounding and bonding
- Sectionalizing cabinets, enclosures, and boxes
- Conduit, strut, and fittings
- Cable accessories
- Switchgears and switchboards
- Transformers
- High-voltage (HV) circuit breakers
- Tooling and consumables
- Locating and marking

One partner. Every component. Zero hassle.

Sourcing all the electrical and ancillary products for a solar project used to be a challenge. Not anymore. Ampacity eliminates the complexity by providing a single, specialized supply chain partner—so you can skip the inefficiencies of piecemeal procurement and stay focused on building.

MARKETS SERVED:

- Solar
- Wind
- Battery energy storage systems (BESS)
- EV charging
- Data centers
- Utilities
- And more
